

GAURAV KUMAR

Full-Stack Web Developer | Backend Developer | MERN Stack Developer

Phone: +91 8057208618 | Email: gk5376604@gmail.com | Location: Auraiya, Uttar Pradesh
LinkedIn: linkedin.com/in/gaurav-kumar-20740w
Portfolio: server-check-1.onrender.com | GitHub: github.com/jaritrix

SUMMARY

Experienced Full-Stack Developer with a proven track record of designing and building scalable, secure web applications. Highly skilled in RESTful API development, authentication systems, security protocols, and backend optimization using the MERN stack. Collaborative team player with an agile mindset, ensuring timely delivery and quality solutions across cross-functional teams.

EXPERIENCE

Data Entry Operator V-Bazaar	Bilaspur, Haryana March 2025 – June 2025
- Administered and updated customer records and transactional logs within ERP software with 99.5% accuracy, ensuring data precision and audit readiness. - Attained 40% product revenue growth in 3 months by planning and launching new key features. - Consolidated and maintained inventory metrics by systematically tracking inbound and outbound stock using ERP dashboards. - Consistently submitted daily reports on time for over 90 days, supporting efficient operations. - Managed ERP inputs for over 500+ stock movements weekly.	
Production Assistant Nu-Cork	Bhiwadi, Rajasthan April 2024 – July 2024
- Achieved a 40% increase in product revenue in 3 months by planning and launching new key features. - Improved state test pass rates from 78% to 87% over 2 years. - Instituted process enhancements reducing manual entry time by 20%, significantly improving operational throughput. - Analyzed and tracked key production metrics, driving a 15% improvement in delivery timelines. - Executed comprehensive data entry including material usage logs, PO tracking, and dispatch slip generation, ensuring full production traceability and compliance. - Minimized dispatch delays by 30% through improved gate-in tracking. Recorded and processed over 150+ production entries per month with zero backlog.	

EDUCATION

Bachelor of Technology– CS (Pursuing) Chhatrapati Shahu Ji Maharaj University, Kanpur	2024 – Present
Senior Secondary (12th) – CBSE Board Pt. Deen Dayal U A P School, Etawah	Passed in 2023
Secondary (10th) – CBSE Board Pt. Deen Dayal U A P School, Etawah	Passed in 2021

SKILLS

Frontend Development:
HTML5, CSS3, JavaScript (ES6+), React.js, Three.js
Backend Development:
Node.js, Express.js, RESTful APIs, JWT Authentication, OAuth, MVC Architecture
Database Management:
MongoDB, Mongoose ORM, MySQL, Microsoft Access
Version Control & DevOps:
Git, GitHub, Docker, Netlify, Render, Visual Studio Code, Chrome DevTools, Postman
UI/UX & Design Tools:
Figma, Canva, CorelDraw, Adobe Photoshop, Adobe Illustrator
3D & Animation:
Blender (3D modeling & animation), Three.js
Microsoft Office:
Advanced MS Excel, MS Word, PowerPoint, Email and file management, Data entry, Information tracking
Project Management:
Agile methodologies, Scrum, Jira, Trello
Soft Skills:
Problem-solving, Time management, Team collaboration, Adaptability, Attention to detail

PROJECTS

Data Link Backend:
Conceptualized and engineered a secure user authentication framework encompassing login, registration, and password recovery functionalities.
Technologies used:
- HTML, CSS, JavaScript, Node.js, MongoDB, Express.js - Integrated JWT-based authentication with modular API architecture and implemented CI/CD deployment via Render for uninterrupted cloud access.
Invoice Generator Tool:
Developed a Node.js CLI tool that generates printable PDF invoices from JSON input.
Technologies used:
Node.js, PDFKit, CLI. Automated billing processes for local clients, reducing manual errors by 80% and saving significant time each month.

CERTIFICATIONS

- Google UX Design Certificate – Coursera (2024)
- AWS Certified Cloud Practitioner – Amazon (2023)
